

John Dick's Landscaping  
470 Kingsford Ave  
Winnipeg MB R2G 0K2

June 4/08

Dear John Dick & Crew,

We wanted to let you know how pleased we are with the landscape job you completed for us. Your prompt response to our request for an estimate, as well as the detailed outline of service you would provide was appreciated. We had requested estimates from others with no response at all. John your professionalism, keeping us well informed and delivering as promised made this a very positive experience.

We were particularly impressed with the professionalism of the Crew. From the time they arrived until they left we noticed how they respected our property as well as our neighbors. There was no moving of equipment, etc. over lawns or other people's property. The guys all spoke to us very politely and answered any questions we had or referred us to Darren. Darren was very knowledgeable and we had confidence in what he explained to us. Also Marilyn was leaving the house one time, when all the trucks were out front, one of the guys actually talked to some children that were close by and made sure they were out of the way of any blind spots when I backed up.

One of our neighbors even commented, she could not believe how well everything had been cleaned up. She said you would not know anyone had been here.

Thank you for a very positive experience and a beautiful backyard. We will gladly recommend your company to our family & friends.

With Appreciation,  
Marilyn & Jim Stewart
